AUSTRALIA

CUSTOMISED EXCELLENCE.

© Bradley Australia 2017

The manufacturer reserves the right to make changes in design and for all technical information material without formal notice and without recurring obligation. Please refer to [www.bradleyaustralia.com](http://www.bradleyaustralia.com) for all technical information, drawings, BIM-REVIT and CAD files.

Products marked as ASI428 compliant: this is a recommendation only and is not legally binding.

For half a century, Bradley Australia have manufactured and supplied the most comprehensive range of high-quality, competitively priced washroom accessories across a variety of industries including commercial, industrial, hospitality and residential.

Durability, design and attention to detail, combined with prompt delivery and easy installation make choosing Bradley as your trusted supplier not just the right choice for your project but for your business and bottom line.

Clients, suppliers and staff are all part of the one team in our eyes. It's a core philosophy that has worked for us for fifty years and we see it as the foundation of our continued success into the future.

Over the years Bradley has sought to meet the individual needs of clients and unique requirements of their one-off projects with our ability to produce and supply customised products cost effectively. No other supplier has the design capability or manufacturing control to create customised solutions the way Bradley can – working in partnership with clients to create products that will make your project stand out and your cost controller stand proud.

Our mantra of customised excellence goes well beyond the tangible facets of product design. For us it's about customising the way we work at every stage of a project to help realise the vision, manage the timeline and costs and ultimately ensure that your life is easier and happier for having chosen Bradley Australia.

# SHOWER SEATS

When selecting a shower seat you need strength, durability and design. A shower seat needs to be compact and easy to fold away.

Our 9562 range use 304 (No. 4) stainless steel with a laminated seat bonded to a phenolic core.

Please refer to [www.bradleyaustralia.com](http://www.bradleyaustralia.com) for all technical information, drawings, BIM-REVIT and CAD files.

## MODEL / DESCRIPTION
