UNSEEN HAND WASHING AND DRYING.

UNTOUCHABLES
TOUCHLESS
TECHNOLOGY.

Behind the mirror. A step ahead.

Complete sanitary cabinet with a lockable mirror. Includes high speed hand dryer, touchless tap, touchless soap dispenser and LED pictograms for intuitive user guidance and decoration. Delivered with remote controls to adjust soap dosage, select light color or sequence and customize the tap settings.

- Eliminates messy, slippery floors and hand drying queues.
- Reduces the amount of labor for commercial facilities maintenance.

Our 'Behind-the-Mirror' solutions boast sleek minimal design with space saving integration. Incorporating designers joinery intentions, allowing placement behind a mirror or in a mirrored or wall cabinet, it is custom built to ensure easy access for service and cleaning. Part of the ever evolving touchless technology that is *The Untouchables Range*.

Tap + Soap + Dryer + Paper

Tap

Behind The Mirror tap drastically reduces water , with no physical contact it helps to protect users against cross contamination. With sensor settings which are adjustable by a remote control.

Soap

Behind The Mirror soap dispenser drastically reduces soap consumption. With no physical contact it helps to protect users against cross contamination. The soap is driven inside the soap tube without contact with the pump, preventing contamination and backflow.

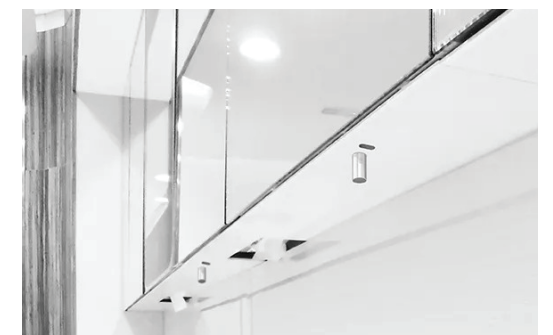

Dryer

Completed with a high speed hand dryer eliminates messy, slippery floors and hand drying queues. Helps prevent cross contamination with a dry time of less than 15 seconds.

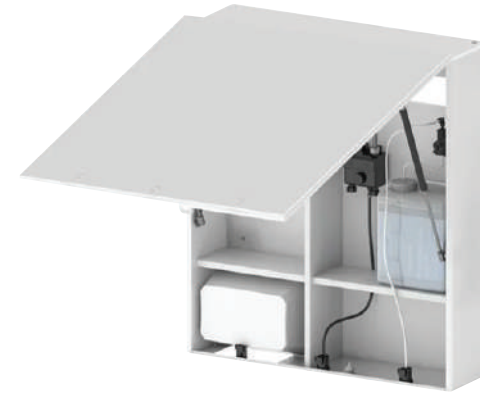

Paper

Paper towel dispenser holds and dispenses approximately 400 interleave paper towels. It provides a space saving and functional solution that accommodates standard paper towels.
